Boarding guests who do not bring food will incur a \$5 per meal charge.
- 🐾 There is NO charge for administering medications if your dog should need to be boarded during treatment. Please be thorough with the instructions as to how much and how often medicine is needed as well as how your dog prefers to have their medication. (i.e. pill pockets, cheese, peanut butter, etc.). ## Day Care

- 🐾 All new dogs must be spayed or neutered, be current on vaccinations, be on a current flea and tick treatment, and attend a ½ day Temperament and Behavior Evaluation (\$10 non-refundable fee) in order to participate.
- 🐾 The Temperament and Behavior Evaluation gives our trainers time to get to know your dog, and introduce them to one new friend at a time, until they are able to be in larger play groups. Our goals are for all dogs to be happy and enjoy the group/social setting and to ensure your dog gets plenty of exercise during their visit.
- 🐾 Puppies may participate in daycare until they reach 7 months old, and then must provide proof of spay/neuter before allowed to return to daycare or boarding.
- 🐾 Puppies must be at least 16 weeks of age and fully vaccinated in order to participate in our daycare program.
